You're Never Too Young to Care All Year Long!

Care and Share Song

When I care, when I share,
I can make a difference anywhere.
Fall and winter, spring and summer, too–
I'll show I care in all I do.
Caring, sharing, it's for me, for my world,
my friends and family.

FALL

We care for our friends when we...

WINTER

We care for our family when we...

SPRING

We care for our neighborhood when we...

SUMMER

We care for our earth when we...
