

Build your child's S.T.E.M. skills and earn money for your school

Play MINECRAFT in a Movie Theatre

What if your child could learn teamwork, practice problem-solving, and strengthen critical S.T.E.M. skills while playing a video game that they already know and love?

Welcome to Super League Gaming!

Super League Gaming, the world's first in-theatre video game league, provides kids with a safe, engaging after-school activity that channels their enthusiasm for Minecraft into a one-of-a-kind big-screen educational experience that encourages creativity, promotes collaboration, and even strengthens core S.T.E.M. concepts in engineering, geometry, and physics.

With Super League Gaming, children play a customized version of Minecraft once a week over four weeks at a local theatre after school.

Join the fun!

Every Tuesday and Wednesday, from October 18 through November 9, your child can join schoolmates at a local theatre to play Minecraft Metropolis Madness, an all-new big-screen gaming adventure that will take kids on a cross-country journey through the biggest cities, sites, and landmarks in America.

Each action-packed session runs approximately 90 minutes. At the end of the four weeks, **the team of children that sits atop the Super League leaderboard wins a \$15,000 scholarship.**

Tickets for the full **four-week program cost only \$60 when you use the promo code SCHOOL at superleague.com**, and the ticket price even includes a free Super League Gaming t-shirt! Your child only needs a laptop with Minecraft 1.10 to play.

Earn money for your school

Super League Gaming is a big supporter of schools and will donate money to your child's school for every ticket sold:

- 10 tickets sold = \$50
- 20 tickets sold = \$200
- 40 tickets sold = \$500

Plus, the four schools nationwide that sell the most tickets will each win cash*:

- 1st Place: \$5,000!
- 2nd Place: \$2,500
- 3rd Place: \$1,500
- 4th Place: \$1,000

This means you and your child could help win up to \$5,000 for your school!

The deadline for this special promotion is October 18, 2016, so act now. Don't let your child — and your school — miss out on this unique opportunity!
