

Activity 2

Meet Your Local Farmer

Today you've learned that local dairy farmers provide fresh, nutritional dairy products to your grocery store and perhaps to your school lunch menu, as well!

What would you like to know about dairy farms? Let's ask a farmer! Write down three questions that you would like to ask. One of them can be one of the questions your teacher wrote on the board.

1. [Lined writing area for question 1]

2. [Lined writing area for question 2]

3. [Lined writing area for question 3]

If you were a dairy farmer, what kinds of dairy products would you like to produce? For example, would you like to make a really cool flavor of yogurt that isn't already available? Write your idea below!

I would like to produce _____

[Lined writing area for product idea]

because _____

[Lined writing area for reason]

Use this site to learn more about what it takes to become a dairy farmer: www.sokanu.com/careers/dairy-farmer/. Then write a paragraph about becoming a dairy farmer. How much land would you need? What kind of educational background would be necessary?

[Large lined writing area for paragraph with farm illustration]

Local milk is available 365 days a year.
