

Wash your hands if you're near bad germs.

Be A Germ Stopper!

Don't cough or sneeze near other people.

Sing "The Germ Stopper's Song" twice when you wash your hands!

"The Germ Stopper's Song"

(sung to the tune of "Happy Birthday")

Wash your hands every day,
It will keep germs away,
Being healthy is fun,
Send those germs on the run!

This is what we do to stay healthy!
