

PUSS IN BOOTS

Shrek's other loyal sidekick, Puss-in-Boots, has the strength, bravery, and romanticism of Zoro, but in the body of a sweet little kitty-cat. Ever the Don Juan, he often gives Shrek® the bachelor's point of view.

DONKEY

Donkey's got a mouth that just won't quit as well as the heart of a noble steed. Having married Dragon, Shrek's best friend is now the proud papa of a litter of Dronkeys. Despite wanting to spend time with his family, he is always up for an adventure.

PRINCESS FIONA

Princess Fiona is not your typical damsel in distress. She's smart, tough, and has been known to dropkick a band of outlaws. She also happens to be an ogre. Having met the love of her life, Fiona has abandoned her former fairytale fantasies. She inspires the other princesses to do the same, helping each one to find their inner strength.

ARTHUR PENDRAGON

Arthur Pendragon is Fiona's cousin and the "reluctant" heir to the throne.
