

More Head Lice Facts from Max

Hi friends! It's me, Max, the head lice expert. I need your help to answer some of the letters I've received from kids who are having some very louse-y problems with head lice. Read over the Facts of Lice below. Then decide what you think I should say in my reply.

The Facts of Lice

1. Anyone can get head lice. People who have head lice are not dirty.
2. If your head itches, it's possible that you have head lice. Be sure to go to your parents or school nurse so they can check it out.
3. Head lice cannot jump or fly. They can only crawl onto your head if your head touches the head of a person who already has head lice.
4. Head lice cannot live on a desk, chair back, or cubby.
5. People can get rid of head lice with special combs and treatment gels that can easily be purchased at a drugstore.,

Dear Max,
I shower every day, so why did I get head lice?

Yours truly,
Itchy in Illinois

Dear Itchy in Illinois:

Dear Max,
I just found out my best friend has nits and head lice. I am afraid I'll catch them if I hang around her now. Am I being a bad friend by not hanging around with her?

Sincerely,
Nitpicky in New Mexico

Dear Nitpicky in New Mexico,

Dear Parents,

LiceMD knows that there's a lot of confusion about how to treat and eliminate head lice. As head lice experts, we know that you need a simple, fast, and effective treatment. **LiceMD** offers two convenient options to treat and eliminate head lice, both guaranteed. Visit www.LiceMD.com to learn more about how to detect head lice in your child's hair.

LiceMD® Complete Kit
