Streetcar Safety— It's All About You!

The streetcars are coming! You can ride the streetcar to school. You can ride the streetcar to other places, too. But first, you need to learn how to be safe around the streetcars.

Part 1. Where will the streetcars go?

The city's first streetcars will go near your school. Circle the stop that is closest to your school.

Part 2. Streetcar Smarts

Are you streetcar smart? Circle the pictures that show what you **SHOULD** do near the streetcar tracks. Put an X over the pictures that show what you **SHOULD NOT** do.

1. Look both ways before you cross the streetcar tracks.
2. Ride your bike across the streetcar tracks.
3. Wait for the streetcar to pass before you cross.
4. Play near the streetcar tracks.
5. Run to get on the streetcar if you miss it.
