HOW MUCH EVIL DOES IT TAKE TO DO GOOD?

SEASON 2 PREMIERES ON WGN AMERICA TUESDAY, OCTOBER 13, 9PM/8C

Dear Librarian,

Set against the backdrop of the greatest race against time in the history of science — the mission to build the world's first atomic bomb in Los Alamos, New Mexico — **Manhattan** is an original series on WGN America that follows the project's brilliant but flawed scientists and their families as they attempt to co-exist in a world where secrets and lies infiltrate every aspect of their lives. **Manhattan** begins its second season on WGN America Tuesday, October 13, at 9pm/8c.

Invite your library patrons to investigate this acclaimed series with the **Manhattan** viewer's guide, which offers topics for discussion and reflection that will enrich viewing this acclaimed television series, and provides a list of books, DVDs, and websites that can open a broader perspective on the once-secret world brought to life in **Manhattan**.

We encourage you to photocopy the viewer's guide and use it to create a library display of books, films, and other materials related to **Manhattan**. Please make copies of the viewer's guide available on your take-one table as well, and share it with film or television discussion groups at your library.

Your opinion of this program is important to us. Please use the feedback form at ymiclassroom.com/manhattanvg to let us know how you used the **Manhattan** viewer's guide. We welcome your comments and suggestions.
