

# ACTIVITY 1 LAND OF THE WILD CATS

The exciting film *Wild Cats 3D* takes us on a long journey across Africa. Some of the places we visit are marked with empty circles on this map. Use your map-reading skills to identify each place by writing the correct number into each circle. After you see *Wild Cats 3D*, draw a line on the map to show the path we follow on our journey across Africa. Then write your own observations about each place in the spaces provided.

1. **The Great Sand Dunes**, on the coast of Namibia, tower as high as the Empire State Building.  
**Observations:** \_\_\_\_\_
  
2. **Mount Kilimanjaro**, near the border between Kenya and Tanzania, is the highest point in Africa.  
**Observations:** \_\_\_\_\_
  
3. **The Okavango Delta**, known as “the river that never finds the sea,” flows into the Kalahari Desert in northern Botswana.  
**Observations:** \_\_\_\_\_
  
4. **Tarangire National Park** in northwestern Tanzania provides a protected habitat for leopards.  
**Observations:** \_\_\_\_\_
  
5. **Victoria Falls**, on the border between Zambia and Zimbabwe, is one of the Seven Natural Wonders of the World.  
**Observations:** \_\_\_\_\_
  
6. **The Waterberg Plateau** in central Namibia is the world’s largest protected habitat for the cheetah.  
**Observations:** \_\_\_\_\_
