

TAKE CARE WITH PEANUTS

TREE TALES

In this Peanuts comic strip, we see that Lucy cares about trees. The Peanuts gang respects trees!

Earth Day is April 22. Celebrate by writing a poem about trees on these lines. (The lines don't have to rhyme.)

Trees are important!

They give us _____
_____.

They give us _____
_____.

They give us _____
_____.

We should care for trees because they care for us!

Families: Celebrate Earth Day by asking family members to name what kind of tree they would be, if they could be a tree. Consider planting a tree as a family that you could care for, or find a local organization to which you can donate a tree.
