

# Authentically, Artistically Me!

Show off your authentic self in art! Showing who you are lets the world see the real you.

## Part 1

Brainstorm first!

List words that describe you.

List activities that you like to do.

List what is important to you.

## Part 2

Use the words above to help you think about creating artwork to represent you. What will you create? Draw a sketch or picture of your design below or on the back of this sheet. Make a list of materials you will need to create your authentic art. Then, use your sketch as a guide to help you design your art.
