

Wintertime Puzzles

December 21st is the first day of winter. Celebrate winter with these fun puzzles.

SNOW ACTIVITIES!

It's snowing in Winter Town! Some friends are sharing their plans to enjoy the snow with their families. What activity is each child doing? Can you figure it out?

Read the names and activities on the chart. Then read the clues below. If you make a match, put a checkmark (✓) in the box where the child's name and activity meet. [Hint: After you make a match, put an X in each empty box in the column under the child's so you know that you've matched that child. And, put an X in each empty box in the activity row to show that activity has been matched.] Place an X in any other box if you can rule it out. **Another hint:** Start by reading all the clues.
