

Gather Your Tribe! Trivia Quiz

INSTRUCTIONS

Go to ymiclassroom.com/survivor to play the game and download the classroom program.

1. Explain that students will be playing a trivia game that will test their knowledge of Fiji, *Survivor*, and other concepts related to the activities they've completed in class.
2. Group students in two or more teams.
3. Project the game onto your whiteboard, review the on-screen directions and the categories, and then explain the rules of play below.
 - Determine who will be the moderator who reads the clues and keeps score; it might be you or a student.
 - A student from Team 1 chooses a category and point value, and the moderator reads the selected question.
 - The student can confer with teammates before giving their answer. Then the moderator clicks "Reveal Answer."
 - If the student gave the correct answer, the team earns the points, and the next person on their team picks another question to answer. If the student gives an incorrect answer, the first student on the next team gets to pick a category and point value.
 - The moderator and teams should tally the points as the game is played.
 - The game ends when all questions have been answered. The team with the most points wins.

CHOOSE A CATEGORY, THEN CLICK A VALUE.
