

Local Team Members – Sign Up Today for Sound Off Online!

Attention all Sound Off Teammates!

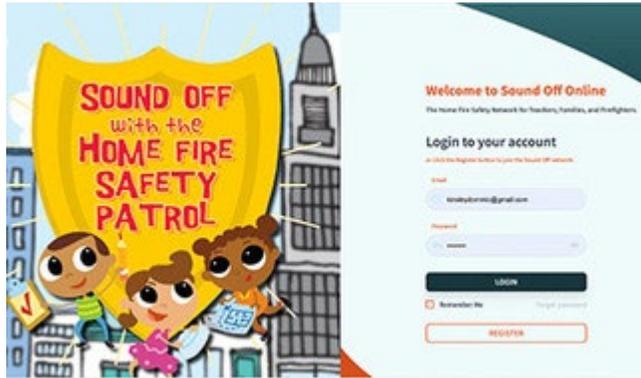

Help save lives with the new Sound Off Online school resources.

Our free fire safety program, *Sound Off with the Home Fire Safety Patrol*, features **Sound Off Online (SOO)**, a web-based program management platform designed to help you implement Sound Off with teachers, students, and families in your area.

With **Sound Off Online** you can:

- **Communicate directly with teachers** by email to schedule a classroom visit, ask a question, or just stay in touch.
- **Monitor class progress** through the core Sound Off activities at all schools in your area and reach out by email to teachers who may need help.
- Receive directly from teachers contact information for families who have **requested a home safety visit and free smoke alarms**.
- **Maintain detailed records of home safety visits** conducted by your Local Team, including the number and type of smoke alarms installed.
- **Track Local Team progress** with real-time statistics on the number of participating students and the number of visits your team has made to local classrooms.
- **Contact your State Team and the Sound Off management team** to solve problems and celebrate your success.

To sign up for **Sound Off Online**, request an invitation from your Local Team Leader, State Team Leader, or from the SOO support team at soundoff@ymiclassroom.com. Then keep an eye out for your invite — the sender will be support@sound-off-online.com. Click the link in the email and follow the prompts to finalize your account.

Once you've created your account:

- Please explore! The complete library of Sound Off classroom and firefighter resources is available.
- Then use **Sound Off Online** to send invitations to teachers and school administrators you know so they can sign up. The more teachers, administrators, and firefighters we can bring to **Sound Off Online**, the better this system will work.

- Instead of an invitation, you might prefer to send an email to encourage educators to sign up for **Sound Off Online** on their own. To help you recruit schools, you might send teachers and administrators the “Template for Outreach Email to Local Teachers” to help them set up their SOO accounts. (Resource available on the Sound Off Online (SOO) Tutorials page on ymiclassroom.com/sound-off-teams.)

If you have any questions or encounter any difficulties, the SOO Support Team is ready to help. Just send an email to soundoff@ymiclassroom.com. And for more information about how the platform works, check out the Local Team Introduction to Sound Off Online, available as a video tour and a PDF presentation on the Sound Off Online (SOO) Tutorials page on ymiclassroom.com/sound-off-teams.
