

Resources on Marine Careers on Land, at Sea, and in Ocean Protection

Maritime Professional Training (MPT)

mptusa.com

Offers all levels of certification, license, and document study programs; many offer in-school testing and are U.S. Coast Guard-approved and recognized by many foreign administrations. Their training programs meet and exceed International Maritime Organization (IMO) standards and are Standards of Training, Certification and Watchkeeping (STCW) compliant.

Yacht Service Technician Apprenticeship Program

miasf.org/apprentice-program

Offers a high-wage, high-skill, and high-demand career path that fills a specific need for skilled workers in the marine industry. Working closely with Atlantic Technical College and local industry leaders, MIA SF developed a robust curriculum that includes rigging, forklift and crane operations, pipefitting/plumbing, welding/fabricating, carpentry, painting, HVAC, and more.

Salty Jobs

saltyjobs.org

A comprehensive site to raise awareness about jobs and career paths available in the marine industry.

Maritime Institute of Technology and Graduate Studies

mitags.org

Provides training, courses, and apprenticeships for water- and land-based maritime careers.

The International SeaKeepers Society

seakeepers.org/about-us/our-missions

Promotes oceanographic research, conservation, and education through direct involvement with the yachting community.

Northrop & Johnson

northropandjohnson.com/crew-placement

Yacht brokerage specializing in charters and sales opportunities. They also focus on placing crew members on yachts and guiding successful careers. Provides helpful job search tools for crews.

Mercury Marine

mercurymarine.com/us/en/about-us/careers/apprenticeship

Offers apprenticeships for a variety of skilled trades, including mechanic, engineer, tool cutting, die making, carpentry, and more.

Marine Technician Apprenticeship Program

kbcc.cuny.edu/academicdepartments/maritime/MTAP/index.html

Kingsborough Community College's apprentice program in marine mechanics provides students with hands-on training and a four-year program to receive an applied science degree in maritime technology.

Conservation Careers

conservation-careers.com/careers-in-ecotourism

Provides information about careers in ecotourism and marine conservation.

Star Center

www.star-center.com

A not-for-profit division of the Safety & Education Plan of American Maritime Officers (AMO), the largest maritime labor organization for licensed merchant mariners in the USA providing training and continuing education.

Bradford Marine

bradford-marine.com/careers

A full-service yacht repair and marina company where skilled professionals work in areas like carpentry, welding and fabrication, painting, electrical systems, fiberglass, mechanical work, and more. For those just starting and those advancing their careers, these hands-on roles combine technical skills, problem solving, and craftsmanship.
